Most of the world of computers are becoming apart of the church life and ministry, this is a good class to bring the knowledge of computers in a Godly way to the church.

Bachelor Degree- 120 Credits

(Need Associate)

STRATEGIES FOR SPIRITUAL HARVEST:

The initial call of Jesus Christ to men was to be spiritually reproductive: "Follow me, and I will make you fishers of men." His final command that of the Great Commission, also challenged followers to spiritual reproduction. Using the analogy of the natural harvest, this course focuses on promises of spiritual harvest, things that prevent harvest, and keys to effective harvest. It communicates the vision which the remainder of Institute training equips students to fulfill.

TEACHING TACTICS:

This course examines the methods Jesus used to teach and preach the Gospel. Students are taught how to prepare and present lessons and how to teach and preach the Gospel.

MULTIPLICATION METHODOLOGIES:

God's plan for spiritual multiplication is presented. This study reveals how a single Christian can be responsible for the multiplication of thousands of trained and motivated believers.

JAIL AND PRISON MINISTRY:

A complete guide to jail and prison ministry. Includes guidelines for writing and visiting inmates, conducting group services inside an institution, reaching out to families of inmates, and ministering on death row.

WOMEN, A BIBLICAL PROFILE:

A study of all the Bible teaches about women and their role in ministry. Also includes a study of the Bible books bearing women's names--Ruth and Esther--and resources for biographical study of all of the women of the Bible.

HEALING, BATTLE FOR THE BODY:

A study of all the Bible teaches about divine healing. Complete guidelines for receiving and ministering healing.

Paul's Salvation Letters:

Paul's Salvation Letters: Galatians and Romans

A Study in the Book of Hebrews

Each lesson on this study of Hebrews is designed fit into the whole of the book. The attached PowerPoint and audio were given during the teaching of these lessons. The attached word document (study guides) are questions for the congregation, handed out the week prior to the lesson. They are intended for reflection and self-study before reading/listening to the lesson.

Genesis

The primary objective of this course is to help students develop Hebrew language and exegetical skills in preparation for teaching and preaching from the Old Testament.

Corinthians

Paul, the apostle (1:1; 16:21), joined by Sosthenes, who some think may be the same as mentioned in Ac 18:17. The authorship of this epistle is attributed to Paul by Clement of Rome in 95 A.D.

Pneumatology

This course will be an in-depth examination of the biblical, patristic, and modern understandings of the person and work of the Holy Spirit, with special focus on developments since the modern Pentecostal revival, and current attempts in constructive pneumatology. Attention will be given to the relationship between the doctrines of the Holy Spirit and Trinitarian theology, and to the implications of this study for ministry in the church and personal spirituality.

Speaking

101 Oral Communication I/Speech 101 transferable to UC:CSU 3 Units Description: Prerequisite: none. This is an introduction to the basic phases of public speaking, ethics, critical thinking and listening. Extemporaneous speaking techniques are addressed through expository and persuasive presentations.

Differential equations

Ordinary differential equations seek to find functions that can solve an equation. In this course, students work with ordinary, rather than partial derivatives.

The Church: From Pentecost to the reformation

An examination of the history of the church from the first century to the dawn of the Reformation (1500). Attention will be given to the major events, people, and issues that have shaped church history within this time period, as well as how these things integrate with biblical norms.

Psychology

Psychology course is designed to introduce students to the systematic and scientific study of the behavior and mental processes of human beings and other animals . Students are exposed to the psychological facts, principles, and phenomena associated with each of the major subfields within psychology. They also learn about the ethics and methods psychologists use in their science and practice .

Sociology

The College-Level Sociology course is designed to introduce students to the sociological study of society. Sociology focuses on the systematic understanding of social interaction, social organization, social institutions, and social change. Major themes in sociological thinking include the interplay between the individual and society, how society is both stable and changing, the causes and consequences of social inequality, and the social construction of human life. Understanding sociology helps discover and explain social patterns and see how such patterns change over time and in different settings. By making vivid the social basis of everyday life, sociology also develops critical thinking by revealing the social structures and processes that shape diverse forms of human life.

Bible Interpretation

All of Scripture is sufficient for counseling, but how do you connect God's word effectively to the lives and struggles of people around you? Do you always turn to the same familiar passages, and are less confident in using others to communicate the power of God's love and faithfulness in the Gospel? How do you use the Bible's

redemptive story in counseling so that counselees grow in their knowledge of and love for the sovereign Lord? This course will help you understand both people and the Bible more thoroughly and is designed to strengthen your ability to rivet Scriptural truth to real-life ministry situations. Through lectures, class discussion, and interpretive assignments, you'll develop your skills in interpreting and applying any passage of Scripture to help people to grow in love for God and others more fully in the midst of their complex, daily lives.

The work of the Pastor

Pastoral Care is an excellent introduction for those already involved in the ministry of care, and for those preparing to undertake this vital work. In the course you will learn a theology of sickness and suffering; how the communion ritual works; practical advice on making pastoral visits; how to take care of yourself while caring for others; and where to find further information about illnesses affecting those you visit.
